Professional Experience

September 2014 – November 2014

Location:

Website:

Description:

Front-End Web Developer at Lululemon Athletica

Vancouver, Canada

<http://www.lululemon.com>

Lululemon athletica is a yoga-inspired athletic apparel company, with stores worldwide. For this project I was brought in to work on a digital magazine. The HTML/CSS/JS were made so it would fit in their custom templating system.

June 2014

Location:

Website:

Description:

Front-End Web Developer at FCV

Vancouver, Canada

<http://www.fcv.ca>

Got brought on board to work on maintenance work on British Columbia tourism sites. These were HTML/CSS/JS updates and some bugfixes on Kentico templates. Mentionable technologies used: Grunt.js to test, compile, and build the site.

2 Februari 2013 – 2 May 2014

Location:

Website:

Description:

Front-End Web Developer at Longtail

Perth, Australia

<http://www.longtail.com.au>

Worked as a Front-end Web Developer using CSS, HTML and JavaScript. While at the same time making sure every site is responsive, accessible and up to date with modern standards. Used technologies: Started using Node.js, Grunt and Angular.
